

Indoor use only

High Power LED Spot Light

3.5W/MR16/LED/1x3WXRE

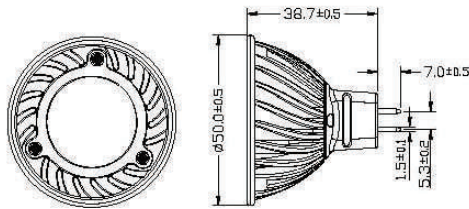

CE & RoHS Certified

- Ideal for retail stores, hotels, restaurants, museums and art gallery lighting
- High power LED optimizes light output 160 Lumens with only 3.5W energy consumption (Equivalent to 20W halogen), providing 40,000 hours life time and up to 80% in energy savings compared to a standard halogen
- No UV or IR Radiation
- RoHS compliant
- Aluminum housing
- Low heat

Electrical, Technical and Ordering Data

Product Code	Colour	Color Temperature	Light Output
E160313CW	Cool White	6500k	160Lumens
E160313WW	Warm White	3000k	110Lumens
E160313R	Red	610nm	160Lumens
E160313Y	Yellow	590nm	160Lumens
E160313G	Green	515nm	160Lumens
E160313B	Blue	460nm	110Lumens

- Net weight: 35g
- Dimensions: $\Phi 50\text{mm} \times 39\text{mm}$
- Beam angle: 38°
- Base type: 2-pin GX5.3
- Output power: $3.5 \pm 0.3\text{W}$
- Work frequency: 50/60Hz

- Rated life span: 30,000hrs
- Input Voltage: 12V AC / DC
- Body Temperature: < 53 Centigrade
- Working Temperature: $-20 \sim 40$ Celsius degree
- Storage Temperature: $-40 \sim 85$ Celsius degree
- Light Attenuation Quotient: 3%-5%/1Kh

CAUTION: To avoid the risks of burn or other injury, turn power off and allow the lamp to fully cool before attempting to replace. Socket condition may affect lamp life. Inspect and replace socket if deterioration has occurred. Do not use this bulb with a dimmer otherwise the warranty void.
