

## High Power LED Spot Light

**3.8W/PAR20/LED/9SMT**

**CE & RoHS Certified**

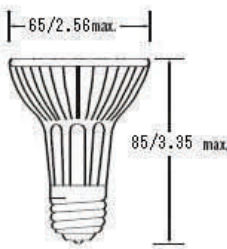

- Ideal for retail stores, hotels, restaurants, museums and art gallery lighting
- High power LED optimizes light output 200 Lumens with only 3.8W energy consumption (Equivalent to 20W halogen), providing 40,000 hours life time and up to 80% in energy savings compared to a standard halogen
- No UV or IR Radiation
- RoHS compliant
- Aluminum housing
- Low heat

### Electrical, Technical and Ordering Data

Lamp Dimensions  
(mm/in.)

Product Code	Colour	Color Temperature	Light Output
E200409CW	Cool White	6700k	200Lumens
E200409WW	Warm White	3300k	150Lumens
E200409R	Red	610nm	180Lumens
E200409Y	Yellow	590nm	180Lumens
E200409G	Green	515nm	180Lumens
E200409B	Blue	460nm	180Lumens

- Net weight: 100g
- Dimensions:  $\Phi$ 65mm x 82mm
- Beam angle: 90°
- Base type: E27
- Light source: high power LED
- Energy Consumption: 3.8W
- Life Time: 40,000 Hours
- Input Voltage: 85-260V AC
- Body Temperature: <53 Centigrade
- Working Temperature: -30~110 Celsius degree
- Storage Temperature: -40~120 Celsius degree
- Light Attenuation Quotient: 3%-5%/1Kh

**CAUTION:** To avoid the risks of burn or other injury, turn power off and allow the lamp to fully cool before attempting to replace. Socket condition may affect lamp life. Inspect and replace socket if deterioration has occurred. Do not use this bulb with a dimmer otherwise the warranty void.
