

High Power LED Spot Light

7.5W/PAR30/LED/30SMT

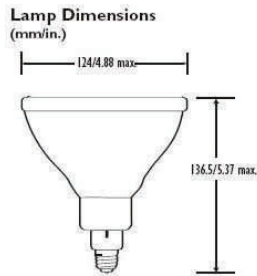

CE & RoHS Certified

- Ideal for retail stores, hotels, restaurants, museums and art gallery lighting
- High power LED optimizes light output 600 Lumens with only 7.5W energy consumption (Equivalent to 75W halogen), providing 40,000 hours life time and up to 80% in energy savings compared to a standard halogen
- No UV or IR Radiation
- RoHS compliant
- Low heat

Electrical, Technical and Ordering Data

Product Code	Colour	Color Temperature	Light Output
E380830CW	Cool White	6700k	600Lumens
E380830WW	Warm White	3300k	480Lumens
E380830R	Red	610nm	600Lumens
E380830Y	Yellow	590nm	600Lumens
E380830G	Green	515nm	600Lumens
E380830B	Blue	460nm	420Lumens

- Net weight: 250g
- Dimensions: Φ 124mm x 136mm
- Beam angle: 90°
- Base type: E27
- Light source: LED 30SMT
- Energy Consumption: 7.5W
- Life Time: 40,000 Hours
- Input Voltage: 85-260V AC
- Body Temperature: <53 Centigrade
- Working Temperature: -30~110 Celsius degree
- Storage Temperature: -40~120 Celsius degree
- Light Attenuation Quotient: 3%-5%/1Kh

CAUTION: To avoid the risks of burn or other injury, turn power off and allow the lamp to fully cool before attempting to replace. Socket condition may affect lamp life. Inspect and replace socket if deterioration has occurred. Do not use this bulb with a dimmer otherwise the warranty void.
