

High Power LED Spot Light

7W/GU10/LED

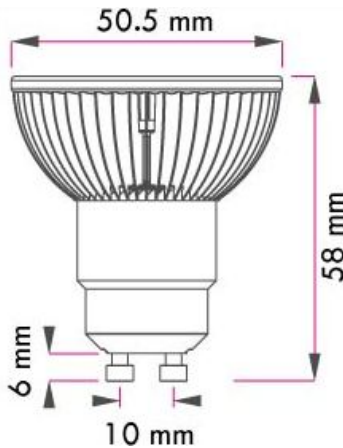

CE, cUL & RoHS Certified

- Ideal for retail stores, hotels, restaurants, museums and art gallery lighting
- High power LED optimizes light output up to 350 Lumens with only 7W energy consumption (Equivalent to 35W halogen), providing 40,000 hours life time and up to 80% in energy savings compared to a standard halogen
- No UV or IR Radiation
- RoHS compliant
- Aluminum housing
- Low heat

Electrical, Technical and Ordering Data

Product Code	Colour	Color Temperature	Light Output
E100710CW	Cool White	5200k	350Lumens
E100710WW	Warm White	3300k	280Lumens
E100710R	Red	610nm	200Lumens
E100710Y	Yellow	590nm	200Lumens
E100710G	Green	515nm	240Lumens
E100710B	Blue	460nm	120Lumens

- Net weight: 40g
- Dimensions: Φ 50mm x 58mm
- Beam angle: 45° / 70°
- Base type: GU10
- CRI>70
- Energy Consumption: 7W
- Life Time: 40,000 Hours
- Input Voltage: 100~240V AC
- Body Temperature: <53 Centigrade
- Working Temperature: -30~40 Celsius degree
- Storage Temperature: -40~80 Celsius degree
- Light Attenuation Quotient: 3%-5%/1Kh

CAUTION: To avoid the risks of burn or other injury, turn power off and allow the lamp to fully cool before attempting to replace. Socket condition may affect lamp life. Inspect and replace socket if deterioration has occurred. Do not use this bulb with a dimmer otherwise the warranty void.
