

## LED Fluorescent Light

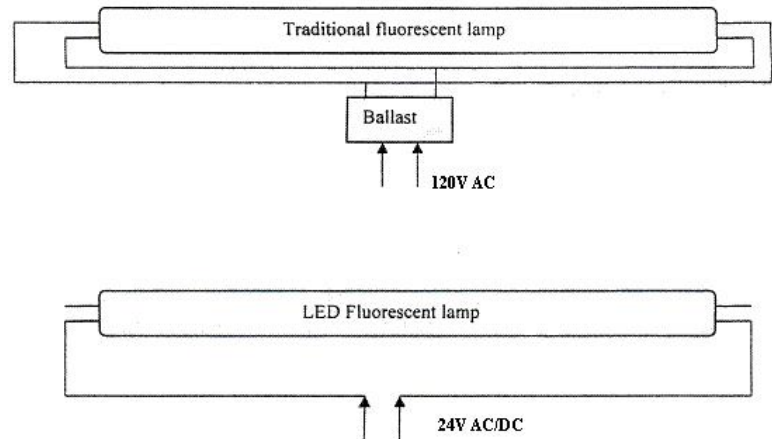

CE & RoHS Certified

- Dimensions:  $\Phi 25.4\text{mm}$  (1")
- Beam angle: 120°
- Base type: T8 Bi-pin
- Light source: SMD3528
- CRI: 75
- Life Time: 40,000 Hours
- Input Voltage: 24V AC/DC
- Body Temperature: <40 Centigrade
- Working Temperature: -20~40 Celsius degree
- Storage Temperature: -40~60 Celsius degree
- Light Attenuation Quotient: 3%-5%/1Kh

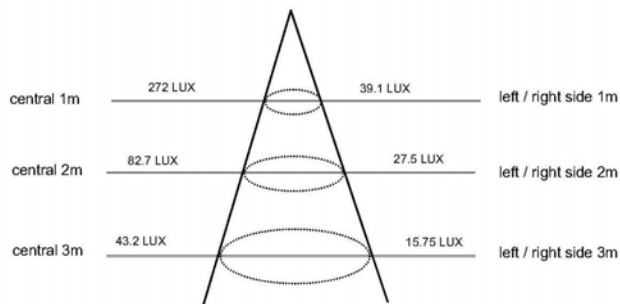

Product Code	Length	Wattage	Color	Color Temperature	Light Output
E080430W	4foot	15W	Pure White	6000K	1420Lumens
E080210W	2foot	8W	Pure White	6000k	800Lumens

**Bypass the ballast before plug in the fluorescent fixture:**

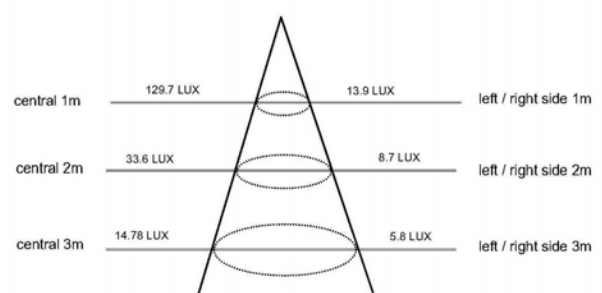

**Photometric data:**

E080430W

E080220W

**CAUTION:** To avoid the risks of burn or other injury, turn power off and allow the lamp to fully cool before attempting to replace. Socket condition may affect lamp life. Inspect and replace socket if deterioration has occurred. Do not use this bulb with a dimmer otherwise the warranty void.
